Jackson Ogles

Summary of Qualifications

Over 5 years of professional information technology experience. Significant experience in **React, JavaScript, HTML, CSS, Vue, Node** and more.

Technical Skills

Technologies/Tools: JavaScript, React, HTML, CSS, Vue, Node, Git, Gitlab, GraphQL, Code Review, Agile

Professional Experience

Software Engineer I, Nu Skin Enterprises   April 2022 – December 2023
Vue, jQuery, NodeJS
- Worked on an agile team with a Scrum Master, Product Owner, UX Designer, QA Engineer, Tech Lead Engineer, and myself.
- Built out the catalog product detail page for Bundled Products UI with Vue. Learned Vue on the job. This task required intensive state management between components within the Nuxt Vue App, as well as good styling and performance.
- See one of the bundles here for example: https://www.nuskin.com/us/en/search/bundle.
- Updated dependencies (specifically jQuery) as part of a security compliance effort in all of the product domain repositories on GitLab.
- Tested UI and API interaction within Vue and NodeJS API. Completed duties in given time frames, and worked with the team to establish those timelines and duties.

Web Developer, HQ Digital Product Agency   August 2020 – April 2022
JavaScript, React, SEO, JAMstack
- Maintained JAMstack front ends for clients. Ensured statically generated websites were performant and sometimes dynamic with React UI.
- Improved SEO and accessibility for various clients..
- Wrote practical documentation for codebases via README.md's as well as inline comments when appropriate. Wrote detailed commit messages and wrote good Merge Request submissions so feature introductions were easy to review.

Team Lead, Lambda School (Bloomtech)   January 2019 – March 2019
JavaScript, HTML, CSS, React, Node, Data Structures, Algorithms

- Mentored a group of nine students as they practiced and learned CSS, HTML, JavaScript, React, Node, and Data Structures and Algorithms.
- Facilitated standup each day and worked directly with instructors and students to improve probability of successful learning.

Web Developer, Freelance
Vue, React, HTML, CSS
- Built and maintained Lindys Local Pest Control Companies website.
- See more at https://lindyslocalpest.com/.
- Assisted development team as a contractor at https://cleansmarts.com to move into a Vue front end. For example, recently added Vue navigation component that invokes a chat widget for customer service, a link to their privacy and service agreement pages, and implemented an animated shrink and grow effect when collapsing or expanding the side bar.

Education and Training

Bachelor of Science, *Psychology*   Brigham Young University
